

LISA AMIMO

Software Developer - Mobile, Frontend & Web

amimmolisa23@gmail.com | +254 111 508 242 | github.com/Themazecrawler | linkedin.com/in/lisa-amimo-7a9518225

PROFILE

Computer Science graduate and software developer specializing in mobile apps, frontend and web development, with a focus on cybersecurity and building fast, responsive applications.

SKILLS

- Mobile development: Flutter, Dart, React Native
- Frontend development: React, TypeScript, Tailwind CSS
- Web development: Node.js, Express, PostgreSQL, MongoDB
- Cybersecurity: penetration testing, vulnerability assessment, SIEM

EXPERIENCE

Freelance Web Developer - Upwork (01/2023 - Present)

- Custom responsive portfolio sites, PHP/MySQL integrations, end-to-end web solutions

Software Engineering AI Evaluator - Habitat Code (11/2025 - 04/2026)

- Reviewed AI-generated code, pull requests and test suites; delivered structured technical feedback

Full-stack Developer Intern - Vislona (08/2025 - 12/2025)

- Built responsive React frontends with Node.js backends; optimized UI/UX design principles

IT Intern & Technical Trainer - LVCT HEALTH (06/2024 - 08/2024)

- IT operations and audits; technical trainer for a mobile app development hackathon

AVAILABILITY

Actively seeking remote opportunities in fullstack development, mobile app development, and cybersecurity roles.
